

AGENDA OF MEETING

Date: **Wednesday, 18 May 2005**

Present: Alton Tangedal Thesis Advisor
Kurt Dietrich Thesis Candidate

Purpose of Meeting: Weekly Progress Meeting

ITEM / DISCUSSION

23.1 Curriculum Items

- Sociology near complete.
- Geography text underway, imaging complete.
- Mathematics text and imaging underway.
- Design Elements text underway

23.2 Thesis Summary Document Review

- No comments received to date from D. Gillmor.
- Review with Roger Mitchell went well: focused on development of both research and design items, consistency with Syllabus guidelines, website development, design philosophy and curriculum items.
- Information was well received with positive comments.
- Discussion ensued on the process from this point on.
- Current copy of Thesis Guidelines received.

23.3 Educator Review

- Future review of Sociology pending final chapter and imaging.

23.4 Functional Programming Drawings

- Additional drawings completed for functional relationships.
- Additional drawings completed for site analysis.
- Drawings prepared for review at this session.

23.5 Presentation Discussion

- First presentation shall be for curriculum and design intent.
- Date of first presentation to be confirmed pending review with Advisory Committee.
- Advice received is to present the research stage with a brief discussion on how the design is developing, noting design is in process.
- Second presentation (according to Syllabus guidelines) will be for preliminary design.
- Final presentation shall be for building resolution.
- Final presentation date pending successful resolution of two prior presentations: Thursday, 9 July (evening)
